We're back, supported by FlokiCeo, and bringing you the new meme coin Dogs Rock. Like Flokiceo, DOGSROCK got its idea from a tweet by billionaire Elon Musk. Dogs Rock will deduct 6% of each transaction for buyback, helping DogsRock stay sustainable. LP locked forever and devs do not hold tokens, Dogs Rock will successfully create a meme trend like Flokiceo did. Our goal is to list 30 major exchanges. Realize the Binance dream!
